### Hi Sun Technology Wins “2019 ‘Golden Hong Kong Stocks’ Most Valuable Small & Mid-cap Company” Award

[9 January 2020, Hong Kong] A leading payment & finance solutions provider in China, **Hi Sun Technology (China) Limited** (“Hi Sun Technology” or the “Group”; Stock code: 818.HK), is pleased to announce that the Group has been honored the “2019 ‘Golden Hong Kong Stocks’ Most Valuable Small & Mid-cap Company” at the 4th “Golden Hong Kong Stocks” Annual Awards Ceremony, commending the Group’s remarkable performance in business operations, market influence, investor relations, etc.

The 4th “Golden Hong Kong Stocks” Annual Awards Ceremony was co-organized by ZhiTongCaiJing, a leading Hong Kong and US stocks information platform in China, and

RoyalFlush Finance. The award recipients were selected by a professional panel led by the Chinese Securities Association of Hong Kong and consisted of economists, renowned brokerages, and experienced investors. The finalists were evaluated and judged based on contestants’ revenue growth, industry ranking, corporate governance, business model, market influence, capital market performance, and other factors during the past year, combined with public votes. The “Most Valuable Small & Mid-cap Company” Award aims to commend small and mid-cap Hong Kong listed companies with fast growth, strong operations, high growth potential, and attention from the capital market. The award reflects Hi Sun Technology’s strength in its operations and management, and the Group’s potential market value in the future.

The Group commented, “We are honored to be awarded the 4th ‘Golden Hong Kong Stocks’ ‘Most Valuable Small & Mid-cap Company’. The award indicates the attention and recognition we’ve received from the capital market and the industry, as well as Hi Sun Technology’s potential in fintech development, and also a great encouragement to us. Hi Sun Technology will continue to seize market opportunities, focusing on the innovation of technologies, products, and services that will enable us to improve service quality and provide high-quality, efficient, and diversified financial services to more people, and to reward our investors’ support and trust with better results.”
